Plank Splinters from
Cohen's PlatformINDEPENDENT
CANDIDATE
FOR
SENATORREPRESENTING
THE
COMMON
PEOPLE

NOT CONTROLLED BY THE BIG INTERESTS

The BIG INTERESTS that controlled the last convention by questionable methods, must continue to use the same tactics to retain future control.

For that reason the BIG INTERESTS do not want the Direct Primary Law: it would mean their loss of power to dictate who should be the nominees of conventions.

The BIG INTERESTS saw to it that a plank calling for a Direct Primary Law was put in the platform. This was done to deceive the people.

The BIG INTERESTS have no intention of passing this law, unless they are compelled to do so.

The BIG INTERESTS think nothing of breaking their pledges to the people. They broke their pledge last time and they will try to do it again.

When the Direct Primary Law Bill came up in the last session of the Senate, it was a Plantation man who moved to table the bill and it was kooka'd by those controlled in the Senate by the BIG INTERESTS.

What is the good of a platform, when the convention nominates men for Senators who will BUST the platform?

The BIG INTERESTS are determined to control the Senate, that legislation may be carried on for the BIG INTERESTS only.

It is time the PEOPLE had something to say. Let us have men in the Legislature who will give all classes a square deal.

When you see Plantation Agents or Plantation Managers running for the Legislature, remember they are the BIG INTEREST people. DON'T VOTE FOR THEM.

PHOTOGRAPHERAVOID LAST
MINUTE CROWD

It would seem that the fact that it requires one's name on the Great Register to grant the privilege of casting a vote at the coming election is sinking in, and there is expected to be a rush in the direction of the Clerk's office on the first two days of next week. These first two days of next

week will also be the LAST two days of registration. But don't put in off till the last two days for there will be rush enough without you adding to it and having to wait in line for a chance to tell the Clerk what you might have told him several months ago.

Go register this afternoon or tomorrow forenoon, for, according to the Clerk, there are a whole lot of voters in the city who have not registered yet, and are putting it off till the last minute. Don't you be in that "last minute" crowd.

Registration will close next Tuesday night at 12 o'clock, and it will stay closed for keeps until after election.

Soap-box Coming Out

Barron Says He Will Be
First to Make Speech
From Familiar
Throne

That harbinger of election time, the soap-box, will emerge from its two-year hibernation next Monday at noon and be again active in the political doings of the day.

"Soap-box" Barron, who would rather be noisy than president, announced last night that he feels the time is ripe to bring out the soap-box and talk from it upon the Democratic party. No favorites will be played; however, in the order of succession in which speakers will mount the soapy throne.

Barron claims the privilege of running the soap-box show, but there are likely to be other claimants for the honor. Some of the Republican candidates say that Barron is an intruder and that he has nothing whatever to say about how the soap-box oratory proceeds.

In fact, the soap-box has already become a lively issue, and the police will be asked to send up a detachment of Jarrett's famous non-partisan officers to preserve the peace.

The Rev. Stephen Desha of Hilo, who is one of the most efficient soap-box orators in the Territory, is expected to arrive on the Mauna Kea tomorrow and ascend the Bethel street pedestal on Monday to disperse his eloquence over the assembled crowd. Desha indulged in several lively debates from the box two years ago.

Y. M. C. A. LADIES'
NIGHT TONIGHTInteresting Program Prepared
with Good Music
Planned

During the intermission between the two parts of the musical program tonight at the Y. M. C. A. two brief talks will be given, the first by general secretary Super, who will speak upon "What the New Building Has Meant to the Association," and the second by A. E. Larimer, secretary of the educational department, who will relate some interesting instances of special service the association has rendered young men and boys. The musical program will be followed as published in yesterday's paper.

The admission to the concert tonight is free, but by ticket. Guests are requested to secure their tickets in advance either at the office of the Y. M. C. A. or Y. W. C. A.

The Newcomer's Club will meet Sunday afternoon at the association building. All young men who are newcomers in the city are invited to attend the gathering whether members of the association or not. The meeting is open to all young men who are interested in spending the afternoon in a sociable way. It is a good opportunity to meet other men and cure homesickness. The members of the association are asked to attend as largely as possible to meet the newcomers and make them feel at home.

The program for the afternoon will be: Concert by "Aderson's orchestra in the lobby from four to four forty-five; a meeting in Cooke hall from four forty-five for a popular discussion led by Ed Towse. At five-thirty all who wish to remain and have supper in the cafeteria are invited to do so. The Sunday supper proving to be one of the good social times of the week.

The Business Mens' gymnasium club will meet this afternoon from five until six. The senior class will not meet tonight on account of the concert and the games hall. The educational classes will meet as usual.

The art committee has definitely decided upon the statutory mentioned a few days ago as that likely to be chosen, and the order is being placed with Caproni, of Boston, through a local agent.

General Secretary Super will start a bible class for Japanese young men in the Japanese Y. M. C. A. on next Sunday morning at a quarter of ten o'clock. The class will study the Gospel of Mark.

The dormitory of the association is proving a very popular feature and is full to its capacity a good part of the time. The vacancies are taken up about as fast as they occur.

ARMY MEN HERE
WATCHING WAR

the case, however, that when several of the smaller governments were allies against a common enemy, jealousies and internal dissensions, or else inability to work out a sound military policy, have resulted in great loss of effectiveness. Unless Greece, Servia, Montenegro and Bulgaria act in harmony, and carry out one plan of campaign, or several concerted campaigns in union, they will give Turkey a chance to take them single-handed and probably to defeat each in turn.

Greece, or, rather, the people of Greece are asking for another chance at Turkey, to try and retrieve some of the prestige lost in the last war. While the government may be doing everything possible to avert war, it looks from the newspaper accounts as though war would be popular.

It is very probable that the United States will send military observers to the Balkans if real warfare breaks out. Some of these will undoubtedly be sent from the Atlantic stations, and in the mean time it is not un-

likely, say officers of this department, that the military attaches from some of the larger American legations in continental Europe will be sent post haste to the theater of war, to be on hand when the curtain goes up.

as they are, it is the days work well done, and not anything else, that counts.

The only way the day's work can be well done is to nourish body, nerves and brain with proper food. Grape-Nuts, in a high degree, furnish just that nourishment essential to the accomplishment of great things, because it holds in combination rebuilding elements for all parts of the human system. Many other foods lack phosphate of potash, and therefore the brain and nerve tissues are starved.
